

## International Workshop on Nuclear Data Covariances

April 28 – May 1, 2014  
Santa Fe, New Mexico, USA

### Second Circular

This is the second announcement of the “International Workshop on Nuclear Data Covariances” (CW2014). The workshop will take place in the center of Santa Fe from April 28 to May 1, 2014.

#### **Registration and abstract submission:**

The workshop registration and abstract submission is open and linked on the main page of the conference (<http://t2.lanl.gov/cw2014/>) as well as on the “Registration and Abstract page” (<http://t2.lanl.gov/cw2014/registration.htm>). **As the number of workshop attendees is limited to about 60 persons, please register at your earliest convenience until December 31, 2013.** A registration fee of 100 USD applies to regular participants and is waived for students.

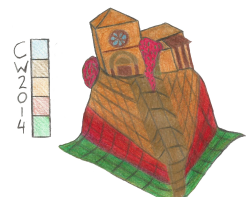

**Abstracts should be submitted via the workshop registration page until December 31, 2013.** The abstract should briefly summarize the work which is going to be presented and LaTeX format should be used for special characters and equations. The abstracts will be reviewed and speakers will be notified about acceptance at the beginning of January 2014.
